REGARDING: Ward Ave

ISSUE: The site plan for the Fire Department building at Ward Ave will be presented to the City Council on January 22nd . If there is enough space at the Ward Ave site to house both Fire and EMS Alderperson Hall proposes that we move forward with an RFP for design services for the current building on the west side of the property to accommodate EMS. We would like a motion to move forward with an RFP for design services contingent on the site plan showing adequate space for both facilities.
